

Special Olympics
Maine

Volunteer as a Clinical Director

A clinical director is a Licensed Practitioner who works with Special Olympics Maine to offer health screenings for our athletes. Special Olympic Athletes are part of one of the most vulnerable and underserved populations, Clinical Directors are able to provide services to, expand their knowledge and have research opportunities with this population.

Why Become a Clinical Director?

- ✓ Learn more about working with people with intellectual disabilities
- ✓ Give back to the community.
- ✓ Research opportunities with Special Olympics
- ✓ Form a partnership with local universities.
- ✓ Earn CMEs through Clinical Director Training.
